

VINO LAURIA MARSALA VERGINE

By name and by nature. It is the wine that is mostly tied to the Lauria family history and is renewed in a perpetual cycle that has lasted since 1978. It was then that Vito's father closed it in its first barrel, the same barrel from which it draws each year for its new vinification. Full of memories and sweet aromas, the Perpetuo is a wine served at the end of a meal. It's amber color, a slight shade of chestnut with notes of almond and carob.
